

FOR QUICKFEE CUSTOMERS

Aiwyn Payments

Your peers are already making the move.

Firms across the country are making the switch and there's never been a better time to join them. Aiwyn Payments lets you set payment schedules, collect retainers upfront, and run recurring billing without touching a thing.

Why leading firms are making the switch

Automation

Aging-based reminders, collections workflows, and auto-reconciliation that actually run on their own.

Portal

Unified Client Portal enables clients to see all outstanding AR in one place — no fragmented views, no confusion.

Reporting

DSO tracking and collections analytics for added visibility, currently unavailable in your Quickfee solution.

Compliance

Enterprise level, full SOC 2, attest separation, and multi-entity routing for firms that need more than the basics.

Preferred pricing for QuickFee customers

We've put together migration pricing specifically for customers coming from QuickFee. Talk to your Aiwyn rep to learn what's available for your firm before this window closes.

Three easy steps & 2-4 weeks for migration with minimal disruption

1 Kickoff

IT-led configuration with your Aiwyn team.

2 Parallel

Maintain QuickFee solution while onboarding.

3 Cutover

Go live with Aiwyn payments for your team.
